

Sorted Money Week - Just Wondering social assets

Below are visuals of the Sorted Money Week - Just Wondering branded social posts for you to use on your own channels.

Instagram Story - in English and te reo

Instagram/Facebook post - in English and te reo

Sorted Money Week editable social assets

Below are visuals of the editable Sorted Money Week assets which you could use to create your own social Money Week posts. These are set up as powerpoint docs - easy editing for all users. There are story and post formats in English and te reo.

Simply select the layout you think works best for your brand. These visual assets are also available as png files for use in other applications. You could use the orange background and add a question that is relevant to your audience in the editable text field. Or use the transparent version to add an image behind the search bar or laptop to tailor the visuals. Once you are happy with layout and question, go to File - Export - Select png file type, then Export. This will save the image ready for upload to social media.
